

GozMod

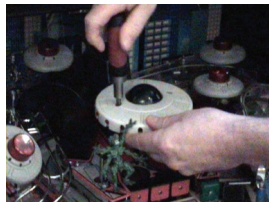

Installation Instructions

Congratulations on your purchase of a **GozMod** - the ultimate upgrade for your Mothership on the Attack From Mars pinball machine.

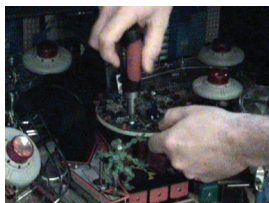

A video with full installation instructions can be found online under <http://gozmod.gozzled.com>. If you don't have access to a computer or just want to get on with it, here's how to do it. If you have any problems at any stage, don't hesitate to contact us at gozmod@gozzled.com

1) Remove playfield glass

2) Using a screwdriver remove the Mothership cover:

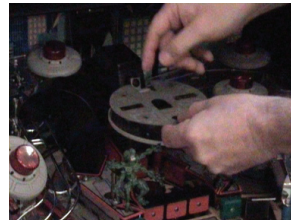

3) Remove the four screws holding the Mothership PCB to the metal base:

4) Pulling the PCB forward slightly, make room for your fingers and gently remove the plug from the back of the board with a gentle rocking motion:

5) Remove the PCB and then the flasher from its holder and put to one side. Remove the fish paper from the metal base (used as isolation):

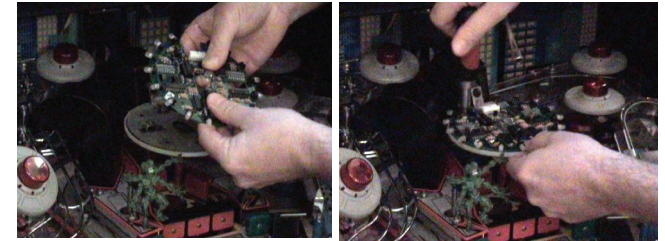

6) Place the two new fish paper pieces, which are included with the **GozMod**, over the two pillars of the metal base, the thicker side facing inwards:

7) Replace the original fish paper onto the base:

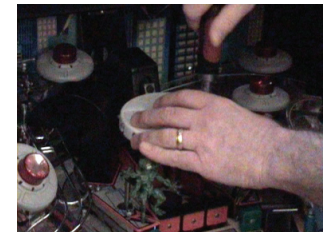

8) Insert the flasher into the **GozMod**, attach the cable and mount the new board onto the base with the four screws:

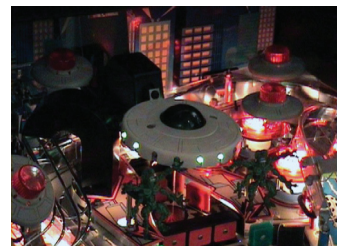

9) Switch on the pinball machine and make sure the LED lights light green and go into attract mode (the lights will go into a chase pattern):

10) Switch off pinball machine and replace the Mothership cover:

11) Switch the pinball machine back on again to check everything is working properly:

12) Replace the playfield glass and ENJOY!!!!
